

# Boat Safaris on the Okavango Delta

*Okavango River Safaris offers mobile safaris across the entire length of the Okavango Delta in Botswana. On our safaris you will experience the waterways of the Okavango Delta on comfortable custom-designed aluminium game viewing boats with your accommodation in tented camps on secluded islands along the way. A tented safari is a classic nostalgic way of traveling through Africa's great wilderness areas. We provide the same character and style on our privately guided safaris. The best way to explore and experience the Okavango Delta is by boat.*

*The headwaters of the Okavango Delta start in Angola's eastern highlands and flow into Botswana's dry Kalahari savannah thus creating a 16 000 square kilometre oasis teeming with big game, water birds and a unique array of plant life. The Okavango Delta is one of the world's largest inland water systems, from Maun, it is possible to explore the diversity of the Okavango Delta all the way through to Moremi Game Reserve, Chiefs Island and beyond. We have over 25 years of experience exploring the Okavango*

*maze of channels and we are able to guide you through one of the last remaining wilderness areas in comfort and style. We offer exclusive safaris for private groups up to twelve people and set date departures. Activities include game viewing, birding, photography, boating, game walks and fishing.*
